

# Julie Hill

## Competition Obedience Seminar October 21-22, 2017

## Agility Handling Seminar October 20, 2017

### Council Bluffs, Iowa

Julie's working seminars emphasize motivation in the training process. During the obedience seminar on Saturday and Sunday she will discuss all of the obedience exercises in the context of creating and maintaining "the utmost in willingness and enjoyment," as well as performance consistency. She incorporates play, games, tricks, and rewards into each phase of training from foundation to advanced. Saturday's seminar will concentrate on heeling, fronts, and finishes, with Sunday's seminar delving in to Open and Utility. Participants are given lots of exercises and floor time to try out Julie's methods, and to have problem exercises addressed. Fifteen working spots and fifteen audit spots will be available, with private lessons available on Thursday afternoon and possibly on Friday if the agility seminar doesn't get enough participants to be held.

The agility seminar on Friday will focus on handling technical courses, as well as on skills that improve efficiency and help to present the most strategic path for the dog. The courses will be run in their entirety and then broken down into smaller sequences, so that specific skills and options can be discussed and perfected. In addition, there will be separate drills to help teach and practice those techniques. If there are any obstacle performance issues, those may also be addressed. Limited to 12 working spots.

Julie's dogs, past and present:

Greyhound: **OTCH The Merry Prankster UDX TD OA OAJ JC**
